

Summer Reading for JK

Dear JK Families,

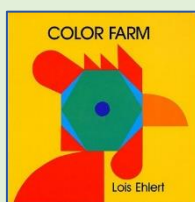

We in JK are very excited about our author study of Lois Ehlert. She has written and illustrated a variety of children's books, many of which you have probably already read. We will incorporate a variety of her books into our curriculum during the beginning of the school year.

Please read at least 3 of her books with your child this summer to kick off our author study. Shhh...don't tell, but please *don't* read ***Eating the Alphabet*** - this is the book we will introduce at the beginning of the school year!

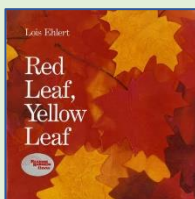

Here are some of our favorites... (Click on the picture to go to Amazon.com)

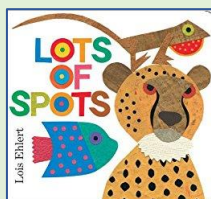

Color Zoo

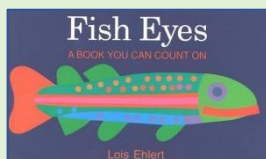

Color Farm

*Red Leaf,
Yellow Leaf*

Lots of Spots

*Fish Eyes: A Book
You Can Count On*

There are many more choices you may pick from. We would love it if you send in any or all of the Lois Ehlert books that your family reads together so the class may enjoy them during the first week of school before we send them back to you.

Enjoy your summer and see you all in August!

Sincerely,

The JK Team
