AATL After School Enrichment Program

The fun and learning doesn't have to end when school is over!

Academy at the Lakes' After School Enrichment Program allows students to explore a variety of topics, discover new skills, or support talents and hobbies. Each quarter, students can choose to be part of one or many classes ranging from cheerleading to art, chess to soccer, plus several other choices. Each session is led by a member of Academy at the Lakes for one hour after dismissal Monday through Thursday and cost \$150-\$180 per quarter per class.
