

Summer at the Lakes 2023

Summer Camp Program Summary

Week 1 (June 5-9)

Camp Academy (grades 5-8)
Camp Academy Jr. (grades SK-4)
Little Rec (grades 3PK-JK)
Trailblazers and Survival Skills (grades 3-8)
Video Production (grades 5-8)
theCoderSchool: Roblox Camp: Launch Your Own Obby Game (grades 2-4)
theCoderSchool: Roblox Entrepreneur: Lua Coding and Game Scripting (grades 5-8)
Cheerleading + Cheer Fashion (grades SK-4)

Week 2 (June 12-16)

Camp Academy (grades 5-8)
Camp Academy Jr. (grades SK-4)
Little Rec (grades 3PK-JK)
Trailblazers and Survival Skills (grades 3-8)
Video Production (grades 5-8)
theCoderSchool: Games are Awesome: Build a game with Scratch by MIT(grades 2-4)
theCoderSchool: Roblox Entrepreneur: Imaginative Game Design (grades 5-8)
Wacky Science (grades SK-2)
Girls Self Defense (grades SK-6)

Week 3 (June 19-23)

Camp Academy (grades 5-8)
Camp Academy Jr. (grades SK-4)
Little Rec (grades 3PK-JK)
Trailblazers Jr. (grades SK-2)
Aerospace Engineering: Rocket Lab (grades 5-8)

theCoderSchool: Robotics with Scratch and mBot (grades 2-4)

theCoderSchool: VR Design with Unity and Meta Quest 2 (grades 5-8)
--

Minute to Win It Games (grades 2-5)

Week 4 (June 26-30)

Camp Academy (grades 5-8)

Camp Academy Jr. (grades SK-4)

Little Rec (grades 3PK-JK)

theCoderSchool: WebRox (grades 2-4)

theCoderSchool: Battle Royale Game Design with Unity (grades 5-8)

Cheerleading + Cheer Fashion (grades SK-4)
--

Aerospace Engineering: Rocket Lab (grades 5-8)
--

Spanish Camp (grades SK-3)

Week 5 (July 3-7)

Camp Academy (grades 5-8)

Camp Academy Jr. (grades SK-4)

Little Rec (grades 3PK-JK)

Spanish Camp (grades 4-8)

Week 6 (July 10-14)

Camp Academy (grades 5-8)

Camp Academy Jr. (grades SK-4)

Little Rec (grades 3PK-JK)

Kindergarden 101 (rising SK only)

Disney

Cheerleading + Cheer Fashion (grades SK-4)
--

Marine Science / Explore Florida (grades 5-8)

Baseball Camp (grades 3-7)

Week 7 (July 17-21)

Camp Academy (grades 5-8)
Camp Academy Jr. (grades SK-4)
Little Rec (grades 3PK-JK)
Trailblazers and Survival Skills (grades 3-8)
Operation Summer Assignment: 3rd ELA (grade 3)
Operation Summer Assignment: 4th Math (grade 4)
theCoderSchool: Games are Awesome: Build a game with Scratch by MIT (grades 2-4)
theCoderSchool: Python Startup (grades 5-8)
The Great Academy Bake Off (grades SK-4)
Theatre + Music (grades 2-6)

Week 8 (July 24-28)

Camp Academy (grades 5-8)
Camp Academy Jr. (grades SK-4)
Little Rec (grades 3PK-JK)
Trailblazers and Survival Skills (advanced) (grades 3-8)
theCoderSchool: Roblox Camp: Launch Your Own Obby Game (grades 2-4)
theCoderSchool: Roblox Entrepreneur: Lua Coding and Game Scripting (grades 5-8)
Operation Summer Assignment: 3rd Math (grade 3)
Operation Summer Assignment: 4th ELA (grade 4)
Disney (grades SK-4)
Volleyball 9-11 am (grades 5-8)

Week 9 (July 31-Aug 4)

Volleyball 9-11 am (grades 5-8)

Camp Academy + Camp Academy Jr. (\$375)

Join us for classic summer camp fun! Imagine all the memory-making fun of an old-fashioned sleep-away camp, just without the sleepover! Campers will choose their own adventures and have opportunities for a wide range of activities: nature and outdoor play, team bonding and friendly

spirited competition, arts and crafts, sports and gym games, board and card games, trivia and fun intellectual challenges, and so much more! We'll take advantage of all the beautiful lake-front property has to offer to make summer memories and have lots of fun with friends both old and new!

Little Rec (\$375)

This class is for our littlest campers (**must be potty trained and out of training pants**) and promises to provide them all with a wonderful experience under the loving care of our experienced preschool teachers. They will have lots of opportunities to have fun with a wide variety of activities while remaining on our campus: crafts, stories, music, games, playing in the wading pools, and much more. Young campers will have tons of fun as they spend their days making crafts, singing songs, playing games, hearing stories, and playing in the wading pools, in centers, and much more.

Trail Blazers and Survival Skills (\$425)

This camp is for adventurers who love the outdoors and all the great fun it offers. There will be a variety of activities including fishing, canoeing on Lake Myrtle, team building, grilling hot dogs, making s'mores, and more! Campers learn proper archery techniques while aiming for the target and master essential survival skills.

Video Production (\$425)

In this camp we will explore stop motion animation and make exciting movie trailers. Students will also produce a program to showcase their week's work. Campers will experience all aspects of producing a live show, including script writing, interviewing campers, editing, anchoring, and directing—all in our new studio. Campers will receive a copy of their broadcast.

Cheerleading + Cheer Fashion (\$375)

Are you interested in cheerleading? Come spend a week learning basic cheer and dance techniques. Campers will be taught the fundamentals including chants, cheers, jumps, basic stunts, and dance routines along with important safety guidelines. Campers should wear comfortable shorts, t-shirts, and tennis shoes. In addition, students will be making visors, bows, tutus and more as accessories. Students need to bring a white t-shirt for tie-dying.

Wacky Science (\$375)

Do you like explosions? Glow in the dark goo? Playing with concoctions? If so, this is the camp for you! Join us for a fun and exciting week as your child explores science. Each day will include learning, laughing, and investigating the world by conducting scientific experiments!

Girls Self Defense (\$375)

The Girls Self-Defense Camp will promote the character traits of self-discipline, self-respect, and self-worth. Students will learn various hand strikes, kicks, blocks, self-defense techniques for being grabbed by the hand or arm, attacked with a punch (simulated/not full contact), and board breaking. In addition to this camp being action packed, campers in participate in empowerment activities to build self-confidence.

Aerospace Engineering: Rocket Lab (\$425)

This camp is focused on all things that fly! It is sure to be a week filled with lots of learning, building, fun, and flight! Campers will construct mini-drones and navigate a drone obstacle course! Campers will also assemble and detail a model rocket for launch. Learn the physics and history of flight using the Oculus Rift virtual reality system. Witness the Wright Flyers first leap, dodge bullets from a WWI fighter, get buzzed by the leading edge F22 Raptor fighter jet, and be nearly engulfed by the world's largest plane!

Minute to Win It Games (\$375)

Join us for a week of fun, games, and friendly competitions! Students will learn to think critically to solve problems, work in pairs and teams, and have a ton of fun competing in "Minute to Win It" style games.

Spanish Language Camp (\$375)

Get ready for a week filled with FUN learning Spanish language and culture with an amazing veteran Spanish instructor. These campers will also enjoy some of the fun and games with Camp Academy scattered throughout the week in between their Spanish sessions.

Kindergarden 101 (\$375)

Letters, numbers, and stories! This week will give students a sneak peak of what kindergarten will be like. Students will enjoy reading, writing, and practicing math readiness skills by exploring letters, numbers with hands-on projects, navigating technology, and engaging in creative play.

Camp Disney (\$375)

Enjoy Disney adventures! Campers will create Disney themed crafts, read Disney stories, and create Disney themed works of art. If you love all things Disney, then this is the camp for you.

Explore Florida + Marine Science (\$375)

Embark on an adventurous exploration of our own Floridian backyard! With the diverse wildlife and ecosystems in our home state, this week is sure to be filled with lots of fun and learning!

Baseball Camp (\$375)

Play ball! Mornings will be full of baseball learning, skills, drills, and play with our school coaches and high school players. After lunch, our base ballers will join our other campers for cross-training, fun, and games!

Operation Summer Assignment: 3rd and 4th Grade ELA and Math (\$375)

Dreading the summer work? We get it! Kids need to maintain skills, and these summer assignments help to do just that. It is important, we promise! It's hard as parents to constantly motivate your child....bribe....bargain...whatever you may do to make sure those assignments are completed. Never fear, there is a solution! Send your child to Academy and let one of our expert teachers lead the charge in completing the their summer assignments. It will be a productive week for your child and a huge stress relief for parents! In addition to the summer assignments, students will get some traditional summer camp fun, too! It is sure to be a productive and fun week learning and bonding with their classmates!

The Great Academy Bake Off (\$375)

Calling all culinary artists for the Great Academy Bake Off! Join us for a week of scrumptious cooking and baking. You'll be learning to whip up classic sweets treats and exciting eats. Campers get to eat their creations each day! Join us in the kitchen to bake cookies, cakes, pies, appetizers, and more.

Theatre + Music (\$375)

Attention aspiring actors and performers, this camp is for you! Each day campers will hear a new story and will act it out using fun costumes and props. Campers will also create their own original skits using their imaginations throughout the week, and practice improv and other skills through fun theatre games!

Volleyball Camp (9-11am) (\$125)

Our very own Academy at the Lakes Middle Division coach will be leading our volleyballers through mornings filled with learning, skill-building, team bonding, and fun! Open to all skill levels! This is our only camp that is not “full day” – if you’d like your camper to stay for the rest of the day at Camp Academy, please contact summer@academyatthelakes.com. We’d be happy to arrange an extended day program for your volleyballer!

theCoderSchool: Roblox Camp: Launch Your Own Obby Game (\$499)

Using Roblox Studio, your child will create and animate a Roblox Obby (obstacle course) game. Campers will use their creativity to customize their own Obby that they can publish and allow the world to play! Newbie coders will love this camp.

theCoderSchool: Roblox Entrepreneur: Lua Coding and Game Scripting (\$599)

Roblox is one of the fastest-growing game creation platforms on the planet, with more than 100 million players per month and top developers making over \$1 million a year. Use Roblox’s built-in editor with Lua—a powerful and fast programming language—to design challenging levels and code intuitive gameplay mechanics. Then, publish, share, and play games with your friends on any platform, from console to mobile.

theCoderSchool: Games are Awesome: Build a game with Scratch by MIT (\$499)

We’ll use the coolest drag n’ drop language Scratch from MIT to create an awesome game! The camp is perfect for newbies and novice young coders.

theCoderSchool: Roblox Entrepreneur: Imaginative Game Design (\$599)

Roblox is one of the fastest-growing game creation platforms on the planet, with more than 100 million players per month and top developers making over \$1 million a year. Use Roblox’s built-in editor with Lua—a powerful and fast programming language—to design challenging levels and code intuitive gameplay mechanics. Then, publish, share, and play games with your friends on any platform, from console to mobile.

theCoderSchool: Robotics with Scratch and mBot (\$499)

Domo arigato, Mr. Roboto! If you’re excited about coding/programming and controlling physical robots, look no further than our Robotics camp. The camp is perfect for newbies.

theCoderSchool: VR Design with Unity and Meta Quest 2 (\$599 + BYO or purchase headset \$450)

The best game makers are the ones who play them. Step directly into your game with virtual reality and the Meta Quest 2—an all-in-one wireless VR system. You’ll pair it with Unity, an industry-standard game engine, to learn the basics of coding and create your own interactive experience. Bring incredible worlds to life that you can see, hear, and lose yourself in through the immersion of 360 audio and video. Bring your Meta Quest 2 or purchase one for an additional \$450. Your game models, designs, and levels will go home with you so you can continue building an immersive, imaginative virtual realm.

theCoderSchool: WebRox (\$499)

Everything’s about the web these days, and that’s why Web Rocks! Code with all the base web technologies like HTML/CSS and Javascript and get an actual live website going! The camp is perfect for newbies and novice young coders.

theCoderSchool: Battle Royale Game Design with Unity (\$599)

Go from game player to game creator with Unity, a powerful industry-standard game design engine. Games bring friends together, and Unity bridges the fields of art, code, and design all to one central location. You’ll connect game elements from level platforms to customizing your own Battle Royale

levels like the ones you'd find in Fortnite, Apex Legends, or Fall Guys. Using built-in visual code, you'll add rules and structure, showing players how to interact with your creation. With Unity, you'll learn to design incredible experiences for players and join a community of millions of developers!

theCoderSchool: Python Startup (\$599)

Begin your journey into computer programming with Python, one of the most in-demand coding languages in the world! You'll develop essential programming skills by working through logic games and learning foundational algorithms. Once your feet are wet, you'll design your own arcade-style game. Deepen your understanding of computational thinking and grow more ambitious with every project! Beginning with Python will start you on a long and fulfilling path in coding and STEM.
