

Dear Academy Families,

As we prepare for the 2026–2027 school year, please note that all student immunization records must be current and on file with Academy at the Lakes before the first day of school. If your child receives any updated vaccinations over the summer, please submit a copy of their updated Immunization Form (DH 680) to the school nurse as soon as possible.

Required Vaccines for Kindergarten through 12th Grade:

- Diphtheria-Tetanus-Pertussis (DTaP) — 4 or 5 doses
- Polio — 4 or 5 doses
- Measles-Mumps-Rubella (MMR) — 2 doses
- Hepatitis B (Hep B) — 3 or 4 doses
- Varicella (Chickenpox) — 2 doses\*
- Tetanus-Diphtheria-Pertussis (Tdap) — 1 dose (required for all students in 7th grade and above)

\*The Varicella vaccine is not required if a healthcare provider has documented a history of chickenpox disease.

If you have any questions, require a special accommodation, or wish to submit an exemption, please contact me directly at [nurse@aatl.org](mailto:nurse@aatl.org). For religious exemptions, please consult your child's physician to obtain the appropriate documentation (Form 681) to submit it to the school.

Thank you for helping keep our community healthy and safe.

Sincerely,

Getta O'Neill, RN, NCSN  
School Nurse  
Academy at the Lakes
